My Name is Antione Mayo #3595113, And I am currently being housed at the North Branch Correctional Institution in Cumberland Maryland. I hereby declare:

On May 19th 2017, A incident had occurred in the dorm over from me where a lot of (C.O.'s) had to be called, I went to the dayroom in my dorm and was looking in the other dorm and I heard the C.O.'s/OFFICER's telling everyone to go back to there bed area And the inmates started going back to there bed area then Out Of know-where the door to the other dorm came open And the C.O.'s/OFFICER's rushed in and threw a inmate to th. floor and they started kicking and punching him in the head and body. the OFFICER's wasnt even tryna handcuff him (continue)

they was just beating him until he stop moving like he was unconscious. As the Officer's brought inmate Thompson out of his dorm, they (officers) was dragging him by his arms while he was still on his knees with blood running from his nose and mouth. -- So I Antione Mayr #3595113; asked the Officer's "Why yall do that man like that, the Officer's told me shut up bitch before we come in there and do you the same way" And I said yeah and then the Officer's opened my door to my dorm and come in and started throwing punches at me ~~then~~ striking me in the face then I fell to the floor and they began kicking me in the head; Another Officer I don't know by name came and said that's enough and they handcuffed me and took me and Inmate Thompson to the J.I. Building for Medical treatment. Officer Dyer took pictures of me, I had to get several stitches in my chin by one of the doctor's in the medical department. Later that night me, Thompson, and several other inmates were sent to a Maximum Security Prison (NBCI)... We all was charged with violations and rule infraction and we been here at (NBCI) Every Since.

I declare Under penalty of perjury that the foregoing is true and correct. Executed at Cumberland, Maryland On 1-24-2019
